CHARIOTS OF LIGHT - PHILIPPIANS 2:15 – “SHINE AS LIGHTS”

Greetings Everyone!

Do you see what God is doing?

A good friend of mine says that to me all the time. We talk and I tell him some things that God is doing and that is always his reply to me, “Do you see what God is doing, Bill? Do you see what God is doing?”

This could be one of the greatest questions you’re ever asked. Do you see what God is doing? With everything that’s going on in the world today, it might be easy for you to lose faith. It might be easy to get distracted. It might be easy to lose focus. But God!

Dr. Savelle encouraged us and is still encouraging us today to be winners in life!

We must stay in faith.

We must stay focused.

We must not get distracted by this world.

You have to see what God is doing with the eyes of your faith.

Whenever it looks like things are falling apart, God is actually bringing things together.

When the world looks like devastation, God is working on restoration for us. We should be concentrating on consecration. Focusing on His kingdom, focusing on the Word of God, focusing on prayer, focusing on the greater works. There’s no lack in His kingdom. There’s only lack in the world. In God's kingdom there is increase. When we see increase, it’s because we’re focusing on Him. His Word tells us to seek first the kingdom of God and then all these things will be added to you. Praise God!

Matthew 6-33 KJV But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.

God put us first in His life, and when we put Him first in our life, it will be the best life in everything. He wants to be included in everything you do. That personal touch; the longing for His voice; spending that special part of your day, every day, with Him to get your directions along the way.

Consecration is a place of separating and dedicating and making it permanent for the higher purpose of seeing God’s plan manifest in your life and for the lives of others.

Jesus consecrated Himself. He was always separating himself from others, going to that place to be with The Father and spending much time and conversation in prayer.

This is the place where you can see what God is doing. When you're focusing on Him, your conversation is about Him. He will continually manifest His presence and life wherever you go. We must continue to share the light of His Word. And wherever there's light there will be life. Follow Him and you will walk in the light of life and shine and share it with others.

John 8:12 AMPC Once more Jesus addressed the crowd. He said, I am the light of the world. He who follows Me will not be walking in the dark but will have the light which is life.

When you see what God is doing, you will be God-minded. And you will tell others what He has in mind for them. He will show you His glory, and you will see what God is doing!

Just a couple of testimonies of God's goodness and what He is continuing to do. We've already shared with you about our South Dakota outreach and Wyoming tour in August where God was moving mightily. Our team of glory ministered to over 12,000 people and 7400 people made a decision for Jesus!

In September, Mrs. Savelle was in Raleigh, North Carolina and we had the privilege and honor of going and being with her in three meetings for that weekend. It was awesome. The anointing on her life and her message touched many people as she shared her passion, her experiences and how she's seen God move throughout her life. And now, sharing about the future purposes and carrying out the vision and walking with God. We love her so and thank God for His hand upon her life and her spiritual tenacity for the things of God!

After the meetings were over, Ginger and I were traveling home and stopped at a service station to use the restroom. When I went into the store, the lady at the counter seemed to be in severe pain as you could tell by her actions and hearing her voice. Every move she made with her right shoulder and arm, you could hear her moan in pain. She could not lift her arm and was still trying to do her job. The only way she could lift her right arm was by using her left arm to pick it up. I patiently waited for the other customers in front of me to check out and when I got to her, I asked her what was going on. She told me that she had fallen and she was in severe pain with her shoulder. Of course, you could see and hear that. I told her how much God loved her and today she would know Him as her healer. I explained to her that when I prayed for her, I believed what The Word said about believers laying hands on the sick, and they will recover. (Mark 16:18) and that when I spoke to the pain, God was going to touch her. I did and God touched her! I asked her to raise her arm. She raised both arms up together and started praising God. She was totally healed! The manifestation had taken place. All the pain had left her body. She was rejoicing and thanking God and so was I... HALLELUJAH!

This is what our faith is for... the works of Jesus. The greater works is the greater One on the inside of you and working through you!

We returned home and then the next week, I was outside and our mail carrier was coming down the road to our mailbox. She saw me and said hello, how are you doing? I started walking towards the mailbox and I said I'm doing great. How are you? She started telling me about her wrist and that she had carpal tunnel in her wrist and that she was in pain. The doctor had tried giving her some medicine and they were considering surgery. She said I really need my hands because I'm doing the mail back-and-forth all the time with my wrist. This was not our first conversation; she has been our mail carrier for several years. I knew she knew the Lord, so I said to her, "today I'm going to pray for you and God's going to touch you and He is going to take away your pain."

I asked her for her hand, and I just started praying for her and speaking to the problem. I commanded the problem and the pain to go. I released the healing power and the love of Jesus to her. I asked her to move her wrist. She did and she said “wow, all the pain is gone. It’s gone. It’s gone. Hallelujah – glory to God!” God is so good and together we just thanked Him for His goodness.

This is the work of the kingdom. This is the work of our God. This is our focus when you focus on Him you can see what He is doing.

These are just a few testimonies, there’s many more, and the more you pursue, the more He will do, and His signs and His wonders will follow you. Just think, He’s following you to see what you are going to do. When you tell people about Him, you will see what He is doing.

God bless you all. We love you all. Thank you for sharing the gospel of the love of Jesus Christ. Thank you for your prayers. Thank you for your seeds you continually send us. We love you, appreciate you, we honor you and we’re praying for you. God’s best is yours; His blessings are yours. Just continue to share His goodness every day and you will see what God is doing along your way.
